Jonah's Newest Message

Just Released

SPEAKERS FOR THE ELITE

Jonah's message "Speakers for the Elite" is in part a continuation of "Nature of the Beast." In this message Jonah goes into much detail about the Elite; who they are, where they came from, and just who and what the Speakers are he referred to in "Nature of the Beast." This is not a message about surviving, but a message on how to thrive.

NATURE OF THE BEAST

Jonah's message "**Nature of the Beast**" is a message for deep understanding of the nature of your makeup. Jonah explains why there is no contradiction between evolution and spirituality. Why do humans carry such strong emotions of anger, hatred, desire for war, and the desire to inflict self punishment? Jonah explains the difference between the 3rd and 4th dimension and where humans (the human body) came from. This is a powerful message to understand why you are the way you are with a sense of peace, and why you have the power to change it. Caution, this message may push your beliefs.

A Message from Hossca

A continuation from the January 15, 2010 Jonah Newsletter

It was a warm summer day when I arrived at what I call the Sacred Cave, my primary teaching location with my Chinese teacher. The cave was about 300 by 100 feet in size. The floor and walls were well worn. Day light came in from holes in the walls and ceiling of the cave creating a soft glow of light. The walls had shelves carved into them, all filled with containers of herbs. In the center of the cave was a raised stone platform, about the size of a massage table with its legs lowered. As my teacher stood four feet ten inches tall it fit him perfectly.

On that day my teacher was sitting in a lotus position on top of the platform waiting for me to arrive. "Philosophy of healing, Philosophy of Tai Yi, the Art of Healing," he said as I walked up to him. "This will explain why some heal and some do not heal."

"Philosophy?" I asked.

"Yes," he replied, "an examination, a set of basic concepts, a particular sphere of knowledge." He laughed and said, "Did you like that mental interruption? It is all called, the Art of Healing. Healing does not just occur, just as disease does not just occur. One can have patience over many years to create a disease. The Art of Healing requires one to use that same patience to heal. You want to learn the Art of Healing, the Art of Tai Yi?" he asked. "Then you must develop passion, for without passion you cannot learn the Art of Healing, the Art of Tai Yi. What is the primary adversary of passion?" he asked.

I stood there thinking what the answer might be. He saw me thinking and said, "Go back in your memory to the second child you worked on. Tell me all about it."

I thought back and remembered it was one of those experiences you never forget. I had received a phone call from a man describing himself as a doctor. "My son has a tumor and is scheduled for surgery in two days. Can you help me?" he asked.

"I do not know. I can try."

"Well, I heard what happened to that boy in the hospital in Seattle. Will you do that on my son?"

"I am not even sure what I did, but I will work on your son and see what happens."

The next day the doctor arrived with his eight year old son. His son had red hair and a freckled face showing much fear. As he walked into our home the father stated, "I have a request from you. I do not want you to tell anyone I came to see you. I do not want my name ever given, as I am a doctor and it just would not go over well if my colleagues knew I was seeing a faith healer."

"A faith healer?" I asked in surprise.

"Well, whatever you are."

"OK, I will never give your name out. No one will know who you are."

He continued talking telling me about his son's tumor. He said it was the size of a grapefruit in his intestines. I had his son lay down on our couch as his father pulled up a chair to watch. I started to put my hands on his stomach location when I felt to put pressure with my finger on different points on his body. Then I felt intense heat come out of my hand as had occurred before. I placed my hand on the location of the tumor for about ten minutes. The heat left my hand; I looked at his father and said, "That is all I can do."

His son was too tired to stand up. His father picked him up and carried him out to the car. The next day he called and said the tumor had shrunk to the size of a pea so they cancelled the surgery. "I just want to thank you, and remember do not tell anyone who I am."

"I will not," I replied.

I heard my teacher shout "What did you learn?"

"Shame," I said. "Shame is the answer. Shame is the primary adversary of passion."

My teacher went into a long discussion on the energy of shame and what it does to the mental, emotional and physical bodies. "Your civilizations are strong on promoting shame. How many times is the phrase used on children, 'Shame on you'? How many live in shame of their disease and shame of different alternative healings. How many live in shame of how their body looks, or shame of their own spirituality. Look at how many come to your teacher (Jonah) and carry shame they are going to one without a physical body. Look at how many live in a closet to keep their shame hidden. One who lives in a closet will only accomplish one thing. They will end up with the most organized closet on the planet. Yes, that father carried great shame, what would others think, could his ego handle it? Yet the young boy did not carry shame. He just wanted to heal and so he did."

"Yes, shame is the primary adversary to passion," answered my teacher. "Begin to accept yourself as beautiful. Don't accept what the Elite want you to believe as to what beauty is or is not. As you accept yourself as beautiful, you will begin to lessen the

energy of shame thus allowing the energy of passion to be. Passion will increase your immune system, it will increase your mental ability, and it will increase your love for life.”

Ask yourself when the elite dictate consciously or subliminally what beauty is, will you accept it or make a statement, you are beautiful just the way you are?...Hossca, to be continued.....

The Encarta Dictionary states, “Shame is a negative emotion that combines feelings of dishonor, unworthiness, and embarrassment.”

Jonah Question and Answer

Dear Jonah,

Between the increasing global debate over the necessity and effectiveness of the new swine flu vaccine, coupled with the fact that our US babies generally get a whopping 30 vaccinations by the age of 6- how effective is this vaccine approach to preventing disease or is the entire scientific premise behind vaccination fatally flawed? Thank you so much... Jackie Lloyd Ramona, California

Beloved, ye live in a chemical society where proper diet, natural foods, and healthy emotions are replaced by chemicals. That ye call swine flu vaccine did not stop the swine flu, as we have stated the second wave is starting to occur. The effect of this vaccine lowers the immune system of the mental and emotional bodies, thus creating an opportunity for the second wave to mutate. Do vaccinations prevent certain diseases, indeed, but at what cost to the human spirit, the human mind, and the human emotions. As vaccines increase so does compression of the human energy field, causing depression. More of your population takes antidepressant drugs than any other type of drug. Indeed, it is to look at why many of your young people are depressed. The vaccines leave a chemical film in the brain; it also obstructs the flow of the meridians throughout the body which prevents ones from truly feeling. Ye ask if the premise behind vaccinations is fatally flawed. Indeed not, how can it be seen as flawed when it is a plan to chemically induce your society. When the vaccine program began it was of a positive purpose, to prevent death and disability. Ye live in a very different society today, a very different age. It is of import to understand, your population is being fed artificial foods, genetically altered foods. This passive way of living requires ones to be vaccinated to prevent further disease. Does this not support the corporations seeking more monies in order to gain more control?

Look at how many foods which are grown require chemicals from the same corporations that supply the seeds in order for the seeds to grow. This process is no different than the chemicals fed to your population; they in turn need more chemicals to survive. This is not by accident, indeed it is very well planned because your society has become passive, your society has been taught they need to be taken care of, thus creating a mentality of entitlement. Ye are now at the point of critical choice. Many of ye have worked hard to achieve the level of healing ye have achieved. Do not allow this time of social passiveness to interfere with your continued healing...Jonah

Jonah, what's the real story behind the blue spiral in the sky over Norway? Is it linked to the tetrahedron-shaped object over Kremlin? Thanks Matt Spaeth, Lyons, Colorado

Beloved, this was of human origin. It was not what ye would call UFO, nor was it what ye would call failed missile. This was a government planned experiment using wave energy to establish a form of mind control, or that ye would call subliminal programming. It is not a part of what ye call light over Kremlin, nor was that a UFO. This has occurred over several countries, but indeed this one ye ask of was the most predominant. This also had to do with your American leader preparing to travel to this location...Jonah

Questions for future Newsletters

Jonah a Unified Field Theory is obviously the attempt to mathematically express how the universe works, including quantum mechanics and relativity, micro and macro functioning of energy, all in one beautiful, elegant formula. But as you say, we are attempting to accomplish this from a 3rd dimensional viewpoint/consciousness. And the *strings* of string "theory" are linked to knowingness, a 4th dimensional soul, heartfelt knowingness, which opens the mind to comprehend the patterns we seek. Can it be done? A unified field formula? I had a dream that it was accomplished. But can it be done in mathematical form? Michael Bohoskey Durango, Colorado

Dear Jonah, airplanes spray chemicals in the atmosphere creating clouds which hide the sun. How can we empower ourselves and cleansing of these chemicals? Thanks and Love, Nina Maroullaki, Rhodes, Greece

You have spoken to me of going into the Void. A Course in Miracles and some other teachings seem to be directed at what is referred to as "the undoing of the mind." Is this

the same as going into the Void. I have found myself drawn toward advaitist (non-dual) teachings, as well. Are any of these useful tools for going into the Void? If so, which ones? If not, what tools or approaches support going into the Void? Linda Masterson, Felton, California

Jonah, is it true that the elite staged the whole 9/11 catastrophe in order to just change the face of fear? Did the government know and if yes what was the extent of government involvement? Also, I don't understand how the elite knows so much about the human psyche and yet use the knowledge to instigate fear and maintain control instead of inspire growth? I mean, OUR growth is assisted by knowledge of the Self, right? OUR growth is based on knowledge of our mind and emotions. So how come THEIR knowledge brings about stagnation, fear and resistance instead of growth? Knowing so much, the elite gives me the impression that it consists of beings quiet developed spiritually or how did they ever get to understand our mind so well as to manipulate the masses, if they are not spiritual? I can only guess that they may have somehow acquired their higher knowledge without effort. As if it was readily available to them without them needing to do the work to acquire it by themselves. Someone offered them the end result without them needing to undergo the journey to that end? Who did and in exchange of what? Thank you, Cornelius, Boulder, Colorado

Dear Jonah, how organized is the Elite? Are you referring to the ruling elite from Atlantean times, the ones that don't die, the ones who put their consciousness into new bodies when the old ones wear out? What is the intelligent energy that is connected with the true elite? It's an ancient and highly intelligent, very cold and heartless energy and intelligence with the ability to see past and future. What IS that? Furthermore, I thought I have met members of the elite in society and politics-and most of them don't embody this ancient calculating and cold intelligence quality that I'm referring to, so maybe they are speakers and in fact not the elite themselves? How hidden are the elite? As always, thank you for the gift of clarity! Jackie Lloyd

Dear Jonah,

When you have a loved one in your life who is in physical or emotional pain and either not healing at all or working on their healing on the surface, how does one be ok with their choice? How do you remain focused on your own life and still support and love your loved one's choices without it affecting you?

Thank you for your wonderful teachings. In Gratitude, Debbie Norum, Woodland Park, Colorado

Dear Jonah is hypnotherapy an effective tool to heal our most deeply held negative beliefs? Can hypnotherapy be a tool for PERMENANT change and healing? Thank you for all of your love, support and teachings.

Anna Francis, Denver, Colorado
