In Loving Memory

In loving memory of Janette Dean 1946 – 2011

I have known Janette and her husband Bill for almost 30 years. The first day I met her; I knew I had known her. As time unfolded, so did the memories of our times together through life and death, physical, and non physical. Beyond this life my deepest memories of her are from the Essene time. In her own way she

was a spiritual activist, an Essene who never forgot her roots, her purpose. In this life she used her spiritual abilities to assist those in need, even offering assistance when she herself was in need of assistance. Life and death are a continuum; she is continuing her journey from an awakened state because she never forgot who she was. Our love and support to Bill, Sheri, and Shauna.

NEW SECTION STARTING THIS ISSUE

From time to time, we will invite guest writers to write an article sharing their insight. Starting with this issue, Jacqueline Lloyd, author of *The Thief of Sacred* and *The Story of the Seven* has written an article for this newsletter titled, “Six Weeks and Eight Days” her search for an understanding in Jonah’s prophecy given on January 14, 2011. Those who have learned from Jonah for almost 30 years and those who read *Tide of Change*, know about Jonah’s history during the Essene time 2,000 years ago. The Essenes taught and wrote the (Dead Sea Scrolls) in code. This was done in part to protect the teachings and in part because their teachings were on multiple levels. Jonah continues to prophesy in code, providing much information to those willing to search.

Six Weeks and Eight Days

By

Jacqueline Lloyd

Jonah opened the January 14th group reading with, “Do ye have a plan... Does that plan hold pain? Does that plan hold pain for ye that perhaps will become expressed and experienced in six weeks and eight days?”

I had never known Jonah to give a date before, and that definitely sounded like a warning. I marked March 5th on my calendar, glad it was a Saturday and my family would be home, puzzled by his use of “six weeks and eight days” instead of seven weeks one day. As the date neared, Jonah stated in a private session that it would involve a solar event. So we prepared for power outages, failure of electronics, just about anything the sun could trigger.

Throughout March 5th, I periodically checked websites that monitored the sun, fully expecting a spectacular show. But the sun was quiet, not even a minor flare. At the end of the day, I thought, could Jonah have been...wrong?

Days later, the Japan earthquake literally rocked the world. As I watched in horror videos of the shaking and tsunami, I wondered if he had somehow mixed up the dates and meant the 11th. Then I heard news from the European intensive that Jonah said if we researched the vibratory frequency of the energy that was released by the sun on the 5th of March, we could understand how that particular energy affects Earth's crust and make our own earthquake predictions.

But nothing had happened! The sun was quiet on that day! Or, was it?

I searched out archived solar data from the web. The two weeks from March 1st to the 15th had been active, with events such as an X class flare on the 9th and a total of seven smaller flares on the 7th. In comparison, the 5th was downright boring, with only a brief note about an electron flux that impacts orbiting satellites. I kept thinking about Jonah's use of the phrase "six weeks and eight days". He is quite deliberate in his choice of words, especially when he wants us to pay close attention. That had to be a clue, but to what?

Late one night, it occurred to me that perhaps the electron flux wasn't just a one day anomaly. I hauled myself out of bed and dug through the data, then started to smile, thinking, very clever, Jonah: the electron flux had actually been an eight day wave, running from the 2nd to the 9th, and it had peaked in intensity on the 5th. Examining data from prior years showed that there is often a major earthquake a few days after a strong electron flux subsides.

As a student of Tai-Yi, I wonder if sun and galaxy are supporting Earth's healing in the same way Tai-Yi does. Jonah has said Earth has multiple bodies like humans do- what if the electron flux unclogs Earth's stagnant meridians and rebalances the bodies, and that energy is often released in the form of major earthquakes?

What a response, I had to put on my seatbelt for this one. Some stated I was not strong enough, some stated I was too strong, and did not understand why some want to just send light. But the majority, over 95%, felt it was right on, many promising to become more involved and make a difference in our world. We had over 5,000 comments submitted; only a few dozen can be posted. Jonah's Newest Message

JERUSALEM

Jerusalem, a city of religion, a city divided, a city at war. Why was the first temple built, then the second temple, then the Dome of the Rock, all on the same location? Who first built the city of Jerusalem and why? What is buried under this city that has become the most contested city in the world? Jonah answers these questions and more. Jonah also prophesied in this message what the future holds for this divided city of religion. Some of the answers may surprise you; some of the answers may bring an understanding of why Jerusalem is the way it is. Jonah recorded this message in Amman, Jordan after speaking to a small group in Jerusalem and Petra.

Jonah Question and Answer

Good day, my beloved teacher,

In the intensive, you mentioned those who carry scars from religious indoctrination. If one has worked and healed their religious beliefs, will there still be scars? If so, how does one release the scars or will they remain as reminders to not return to the old patterns?

Beloved, allow the body to be a teacher. When ye harm or cut the skin of the body does it not leave a scar, a reminder? Indeed, ye may heal all the religious indoctrination of pain, guilt, and fear, but there will always be a reminder of the lower consciousness, so as not to return unto it...Jonah

In the coming war you spoke of, I understand it is very important to maintain a realm of consciousness higher than that of the war. For those who are parents or siblings of those who will be drafted into the military and be in harm's way, do you have any recommendations on how not to empower fear and thereby lower our consciousness?

Indeed, teach not fear, but rather teach responsibility to the self. Be a mentor to those who have less understanding than ye. Some may state do not interfere, it must be their learning. Indeed, we state ones do not need to learn through pain, as one can also learn through joy. Stand up and be a mentor to those seeking to understand there is a choice. Remember as we have taught many times, "Karma only exists when unconditional loving does not." There is always a choice, teach them to find their choices...Jonah

As we remember and live that 4th dimensional consciousness here in the 3rd dimension, how will we transition to the 4th dimension? Will not the ultimate test of our animalistic nature of survival be experiencing our own physical death without fear? Will we then incarnate into the 4th?

My deepest love and gratitude to you, Jonah, and to Hossca for keeping your commitment to come back and assist us to go home...Jeannie Smith, Castle Rock, Colorado

Beloved, the 4th dimensional consciousness has no limitation. Those seeking to return home, and have raised their body's vibration to the vibration of home will often choose the death process and return unto the 4th dimension. Indeed we state most. Few, meaning one percent, may choose to take their bodies with them because they have fully cleared their bodies. To paint a picture for ye, if ye were going home to an unconditional loving family ye had not seen in a long time, what would ye prefer, travel in old dirty clothes or clean beautiful clothing?...Jonah

Jonah, what if any part of my hypothesis of the fall of humanity is accurate: When humans fell from the fourth dimension, it was as it is now ... a grand awakening, a shift and a thinning of dimensional walls. Because of the dramatic changes, the fear, and the enormous responsibility of making the choice to either ascend or descend into another level of consciousness ... humans looked for something or someone to tell them what to do. They looked for a savior, a messiah to tell them what to do. Predictably, a "light-bearer", Lucifer, obliged them, accepted the power they had relinquished, and promised salvation or survival to those that were obedient. Lucifer led some of humanity into the third dimension, a dimension where ones became trapped in the polarities of obedience and rebellion of external rules ... as opposed to the freedom and integrity of the fourth dimension where ones embrace their own uniqueness and creativity...Jaclyn Miller, Woodland Park, Colorado

Well, for goodness sakes, wonderful indeed. Lucifer, meaning the morning star, which is called Venus, has been the symbol of love. Simply put that which lowered the consciousness of the energy of Lucifer, humanity, is indeed the denial of love. Many humans talk about love, they talk about falling in love, indeed how many truly know what love is? The power of love is much more than a feeling or emotion. The power of love, is creation in action that supports the spiritual building blocks encompassing the nature of the God self...Jonah

Questions for future Newsletters

Jonah, Many people are being diagnosed with Lupus, an auto-immune disorder. The western medical community states they do not know a cause, but can only identify some triggers that activated Lupus. Is it difficult to find a cause because there are different causes as to why the body would attack itself? Is it individual based on the persons mental and emotional patterns? Will healers, of different modalities, see an increase in people who seek assistance with Lupus symptoms? How can Tai Yi benefit Lupus?

Tami Urbanek, Monument, Colorado

You have advised that on days when there are chemtrails in the skies it would be prudent to stay indoors as much as possible, and to inhale lavender to counteract the effects. But what about the animals we're responsible for who live outdoors? What can we do to assist them with dealing with the toxic effects? Thank you. I deeply appreciate the information you share with us! Diana Lees, Elgin, AZ

Dear Jonah, Is the use of so-called orgonite or "Dan Croft cloudbusters" as beneficial against airborne and electromagnetic toxicity as is claimed? Thank you! Diana Lees, Elgin, AZ

"Where do we go?" is what the autistic Temple Grandin matter of factly asked when her horse died, and again when her beloved professor died. In terms of physics, where do we go? If we are third dimensional, then, even when the physical body is vacated, the remaining eleven bodies must still remain in a third dimensional frequency web. Do the remaining bodies have mass? Do we end up around galaxies in our universe as dark matter, adding to the gravitational force picked up by our WMAP satellites? Death is not a ticket to the fourth dimension, as you have said, so we must remain somewhere in the third. Perhaps we shift our electromagnetic frequencies, collapsing our wave function into the unseen 95% of our universe. Michael Bohoskey, Durango, Colorado

Jonah, In a recent group, you stated to someone that the oats they were eating were genetically modified. GM oats are not approved for human consumption and "do not exist" according to the FDA and other GM watchdogs. How did these GM oats get into the food system? How many other GM foods are in our food supply that supposedly "do not exist"?

Independent labs exist for testing the presence of GMOs, but they can test only for GMOs known to exist. How can we expose the existence of these unapproved GMOs? Thanks, Matt Spaeth - Lyons, Colorado

Dear Jonah,
What is the difference between shame and guilt?
Thank you in advance! Anastasia Mitrogogou, Athens, Greece

Dear Jonah,
The number Twelve seems to have much significance in the Universe, with 12 Bodies, 12 Dimensions, 12 Realms in each Dimension, 12 Ancient Mystery Schools, and 12 months in a year. When my wife Patti's mother had a stroke and was learning to speak again, she would say the word "Twelve" to many questions. When she was asked to count she would say Twelve, or when she could not describe something she would just say Twelve. Is there a significance to her saying Twelve? Please describe the significance of the number Twelve and why we see it in so often in the Universe? Thank you for your love and guidance! With Aloha and Light, Wayne Holum

Dear Jonah
What would you recommend for ones that have the Herpes 6 virus that causes Chronic Fatigue Syndrome?
Thank you for your help

Dear Jonah,

Physicists think of dimensions in terms of coordinates, up/down, left/right and such, but it occurs to me that this concept may not be appropriate for describing dimensions, even though it seems an obvious choice. You described dimensions as frequency bands, analogous to tuning to a station on a radio. If one were in the 4th or 5th dimension, as you describe, would there not still be a three coordinate reference in that physical reality? Is it not the frequency of the string matrix that changes from one dimension to another, rather than the coordinate variables? And is not this partly the limitation of 4th dimensional mathematics, its attachment to coordinate variables as being dimensions?
Michael Bohoskey, Oro, Arizona

Hello Jonah,

Four days straight and each day worse. The constant all day long barrage of chem trailing is to the point that today the trails fan out to blend into the ones next to them so that the sky is obliterated for as far and wide as the eye can see. To the unsuspecting eye it looks as if the sky is feathered with light cloud cover. Who is orchestrating the spraying and why such massive coverage? Are there some areas targeted more than others? We get hit a lot in the Santa Fe area but the frequency has vastly increased and the coverage more extensive.. Why? Thank you, Sheri Perrin, Santa Fe, New Mexico

"Hello Jonah. I would like some help in understanding the animalistic nature a bit deeper. How is the human instinct of survival different than that of animals? Is survival in humans about the fear of not being loved whereas in animals it is of dying? In increasing suicide rates we see how people actually *resort* to death instead of fearing it. Also on the list of top fears in the U.S., death ranked only 7 whereas public speaking ranked top of the list. Is the fear of public exposure associated with the fear of emotional rejection (humiliation)? Thank you! Cor Savopoulos, Boulder, Colorado

Dear Jonah

1. How do the elite protect their physical health from aerosol spraying?
2. Are commercial airlines also involved in spraying or only the military? Are there controls in the cockpit so that pilots need know what's going on or is it an automatic operation in their ignorance?
3. Where need I search to find details on the above questions?

Thank you! Cornelius Savopoulos, Boulder, Colorado

Jonah - What really happened to the drumfish and blackbirds in Arkansas. The news is trying to say it was overpopulation for the fish and lightning for the birds. I find that hard to believe. Thanks, Janette Dean, Bellevue, Washington

Jonah, I would like to ask how homeopathy works and how one can utilize it in their healing process. Homeopaths and patients see the results of it but there is not a full understanding of its inner workings. Which bodies does it affect? Does it assist in removing energy blocks in the meridians and in balancing the energy? Thank you for your loving assistance! Aphrodite Tsalgaidou, Greece

Dear Jonah, You spoke of listening to the Earth in a recent Intensive. If I remember correctly, you said that Earth will send geographically specific information to ones who are tuned in, and that we can know it's Earth's message by a momentary loss of hearing followed by a high pitched sound. I hear high pitched sounds often, and occasionally experience that interruption of hearing. What are the high pitched sounds that come without the interruption of hearing? Are they information? Are they of benefit or are they, as some say, a form of programming or mind control? Thank you for helping me to understand. Diana Lees, Elgin, Arizona

Dear Jonah, I seem to be confused with what I perceive as conflict between the concept that there are no absolutes and the existence of universal laws. Thank you for helping us. I'm proud of myself for having found you! Cor Savopoulos, Boulder, Colorado

Dear Jonah, How can we transmute the radiation of the TSA full body scanning? Can this be done with the transmuting exercise given in Transmuting the 3rd Dimension? Is there another way for those that did not learn this exercise? How weakened does the immune system need to be for this radiation to be harmful and also there is the situation of repeated exposures to this on a trip. The pat downs seem to be intrusive and demeaning in intent. Would you tell us something about when this would be the preferable choice and how to prepare energetically and in consciousness? Thank you, Tanya Pozzi, Kula, Hawaii

In the February intensive in Denver, Colorado, you spoke often of our human fear of ridicule.

This fear is due to our innate need for human connection--to be liked and accepted.

Human adults can go insane if we are deprived of all human connection, and human babies will become brain damaged or die without it. Therefore, our greatest human fear is that of being ostracized and banished. Ridicule threatens to lead to banishment.

Certainly, we need to learn not to base our decisions on fear, but I am curious: Do we have this need for human connection in the fourth dimension? Sincerely, Fran Shure Denver, Colorado

Hello Jonah, Please explain to us the NDM-1 bacteria/virus. Is this a product of man which is being used against humanity or is it a protective measure being released by the earth to protect itself from man and GMO's ? Please explain how NDM-1 will interact with the GMO bio-markers in our bodies from our eating GMO foods. Thank you, Alan Drobnak, Denver, Colorado

Jonah, Given the radiation that is now on some of our foods and milk, what can we do to remove the radiation from our bodies? Tami Urbanek, Monument, Colorado
