AGE OF THE NEW AGE

by

Hossca Harrison

"When the moon is in the Seventh House, and Jupiter aligns with Mars, then peace will guide the planets, and love will steer the stars." Oops, what happened? Many of you may remember these words from the song "Age of Aquarius" by the 5th Dimension. The

birth of a New Age or a smokescreen of traditional spirituality? I was asked once by the NBC Today Show if I were a New Age Prophet. I answered, "New Age? No, I am too old to be new." They did not understand my answer then, or years later when I was interviewed by other new age publications... *To read the entire blog go to:*

SUCCESS AND FAILURE

the

GRAND ILLUSION

We base our lives on success and failure. Jonah speaks on where these concepts came from and how they interfere with one's joyful journey. Jonah teaches how to step out of the old, changing long accepted beliefs to obtaining joy.

What Kind of Family Did I Marry Into?

by

Robert Urbanek

When Tami and I first met, she told me a little bit about what her dad did for work. She also told me how she was afraid to tell people, when she was younger, because she did not want them to think she had a weird family. I told Tami, "You should never be afraid of someone else's opinion."

Before I married Tami, my number one rule for getting married was that I needed to have a great relationship with my mother-in-law. I also wanted to get along with the rest of the family, but the mother-in-law was the most concern. Another rule I had was that I would not marry a teacher or a cop. I had negative childhood experiences with teachers and cops.

The more I got to know Tami's parents and family, the more I knew I had married into an interesting family. I am not one who cares what other people think. As a child, I would hear that children were not allowed to play with me. I had teachers tell me, by the age of 18, I would be in prison. The town sheriff would accuse me of any mischief that happened to occur in town. I think I turned out pretty well by not caring about other people's opinion.

During my childhood, we had 3 churches in town. We had a Methodist Church, a Presbyterian Church, and a Baptist Church. I had been to Sunday services in all three. What religion am I? I am probably an atheist because I do not like going to church.

One time when visiting Tami's parents, I was asked if I wanted a reading from Jonah. I said, "Sure," thinking to myself this should be interesting. Not really knowing what to expect, it was hard for me to understand some of the information that was being given to me and I just nodded my head. Since that first reading, I had been to a few more Jonah groups, but still did not know if I had a grasp on what my father-in-law did or how he did it, but I found the groups enlightening. Going to the groups made me realize I was not the only one that did not always understand what Jonah was talking about. I would see people attend one Jonah group after another who seemed to be stuck on the same issue as the first time I had met them. I would wonder, before every group, what questions I should ask; what am I truly seeking? I would also wonder how many people were going to say they thought they had healed their core belief.

Since the years have passed and I have been to multiple groups, and had Tai Yi work done on my kidneys, heart, and brain that I have not taken care of over the years. I now have a better understanding of my new family.

To me, Jonah always seemed to talk in riddles. This is not true as many of you know, but he gives messages for the receiver of the information to figure out in their own and to put all the pieces together. Some would like to have Jonah just give them the answer. I have also learned that we cannot fix our core beliefs overnight because we have had them for most of our lives. These were beliefs we grew up with and for the most part were probably beliefs of our parents or were carried over from a past life. My core belief comes from my childhood growing up without a father and with all the people, I could

have looked up to, telling me I was no good and would probably end up in prison by the time I was 18. Yes, many of those were teachers and cops.

Being married to a teacher, I have realized that there are people out there who really want to teach and not just be in the teaching field because they have the summers off. Being married to a teacher, having a father-in-law as a teacher, and the Tai Yi practitioner (Joseph) that works on me, have helped me to understand the individual I am and to bring out my true passion.

I would not be at my current job without the advice my wife gave me years ago. She told me, "If you quit without resolving an issue it will just carry on to the next job." This is what I had done all my life. I would quit a job just because I did not like the situation in which I would find myself, and it always carried over to the next job. Is this not what Jonah teaches about core beliefs and past lifetimes?

Not all my family and friends believe in people being able to communicate with the nonphysical, or the concept of an entity speaking through my father-in-law. However, they accept my family and they accept me. They know if they do not accept my family, they do not remain as a part of the family I have now.

I still get enjoyment when a new neighbor and I meet for the first time and they ask, "So, what does your wife do for a living?" I reply, "She's a medium and talks to the non-physical." I continue to say that her dad also does, but he has an entity come into his body to speak through him. Some of the responses are "cool" and some of the responses are "hmm."

WOW, what a family I married into and would not trade them for the world, and yes, Rebecca and I get along excellent.

Jonah Question and Answer

You have advised that on days when there are chemtrails in the skies it would be prudent to stay indoors as much as possible, and to inhale lavender to counteract the effects. But what about the animals we're responsible for who live outdoors? What can we do to assist them with dealing with the toxic effects? Thank you. I deeply appreciate the information you share with us! Diana Lees, Elgin, AZ

Beloved, it is understood the desire to assist the animals, this indeed does come from the heart. Animals also need shelter, not just from what ye call chemtrails, but also from the depleted ozone layers on your earth. With all animal life, as well as human life, the need to increase one's immune system is of critical importance. For animals one has a deep bond with such as horses, dogs, and cats, it would also be wise to place lavender in their environment, and depending on the animal involved search the use of malic acid, methylsulfonylmethane, and oregano. Also create a filter system for their water, if their water is outside for any length of time. It is not to perceive these are a cure all, they are not, but indeed it does assist with the toxins of the past that have been used in your skies...Jonah

You taught at the Intensive that it is appropriate to prevent one from using their free will choice to harm another. You gave the examples of child abuse and rape. You have also taught in the past that there are beings of light, including yourself, present at this time who are here to assist but will never interfere with one's using free will choice as this is against universal law. Obviously we are all being intentionally harmed by the Elite via the poisons in the air, the food, the water, vaccinations, mind programming; the list goes on and on. Please help me to understand what appears to be a contradiction in your teachings. Thank you, Ewell Culbertson, Longmont Colorado.

Well for goodness sakes, indeed to fully understand our statement it needs to be placed within the full context. This is why we repeated the statement three times. If one uses their free will choice to harm one who is not able to resist the harm, such as a child being abused, a woman or man being raped, then indeed they give up their free will choice of creating harm, thus allowing another to intervene in the abuse or rape. Certainly if ye or one of compassionate consciousness were to witness a child being abused, or a woman or man being raped, certainly your inner being would seek to stop the attack if ye had the ability. Stopping the attack is indeed preventing or stopping the perpetrator from using their free will choice, in creating harm or further harm to one who has not the ability to prevent the attack. Now, ye have presented a question based on events not related to what we have taught as examples, so we shall also answer your latter question. Ye state the elite are intentionally harming the mass consciousness by putting poisons in the food, vaccinations, and mind programming. Yes, your list does go on and on. What are the differences here between the mass consciousness experiencing the abuse from the elite and a child being abused, and or a woman or man being raped who has not the ability to defend themselves? The difference being is the mass consciousness allows this. The mass consciousness uses their free will choice to allow themselves to be controlled by the elite. The elite have no power over the mass consciousness, other than that which is allowed by the mass consciousness. This is your world, not earth, but world ye live in. How much do ye allow the elite to control by saying I have no power, I cannot create change. Look at the passiveness of your world; indeed listen to our message **"The Great Passiveness."** We do not intervene with the elite, because they have conscious permission from the mass consciousness to do what they do. Indeed,

what we do teach is to awaken the passiveness, become involved to awaken the many sleeping souls who refuse to use their free will choice to prevent the elite from harming the mass consciousness. Know this and know this well my friends; ye have the power to stop the elite. They are not more powerful than ye. They simply use the passiveness of your world to do what they do. We also used the example of your atmosphere becoming on fire and the assistance given to extinguish this. Indeed, this intervention was given to the earth for it would have destroyed the earth. Humans are indeed harming the earth, but they will not destroy the earth. This will not be allowed; the earth as an entity has used free will choice to prevent this from occurring. The earth also has free will choice to cleanse the toxins from the earth, which the earth will do. Anyone who perceives themselves as a victim of the elite has developed the state of consciousness the elite seek and use, for the fulfillment of their will. Humans have the ability to stop the elite at any time. Know ye have this power. To seek others to come and handle this for humanity will only encourage humanity to remain asleep. Become involved in creating change, become involved in awakening the sleeping souls of passiveness. This is your time to be the true ye, this is your time to use your abilities to be the answer...Jonah

Questions for future Newsletters

Dear Jonah, I heard a statement by a psychologist that I cannot truly understand in my heart. Her statement was that humans seek for happiness because pain and grief are not accepted as a part of their life in certain circumstances. That humans need to get rid of pain and grief as soon as possible, better with a magic touch, than understand these as an expected and unavoidable part of our life that we should heal. This process of human life should be according to this statement the way for humans to learn and grow up.

What do I miss here? Have we the feeling of not been happy and fulfilled, because we pay so much attention on pain and grief? I thought we are seeking to follow the path of our heart in order for our soul to fulfill her destiny for the certain incarnation. What do I miss here? Christina Manti, Athens, Greece

Jonah, Many people are being diagnosed with Lupus, an auto-immune disorder. The western medical community states they do not know a cause, but can only identify some triggers that activated Lupus. Is it difficult to find a cause because there are

different causes as to why the body would attack itself? Is it individual based on the persons mental and emotional patterns? Will healers, of different modalities, see an increase in people who seek assistance with Lupus symptoms? How can Tai Yi benefit Lupus? Tami Urbanek, Monument, Colorado

Dear Jonah Is the use of so-called orgonite or "Dan Croft cloud busters" as beneficial against airborne and electromagnetic toxicity as is claimed? Thank you! Diana Lees, Elgin, AZ

"Where do we go?" is what the autistic Temple Grandin matter of factly asked when her horse died, and again when her beloved professor died. In terms of physics, where do we go? If we are third dimensional, then, even when the physical body is vacated, the remaining eleven bodies must still remain in a third dimensional frequency web. Do the remaining bodies have mass? Do we end up around galaxies in our universe as dark matter, adding to the gravitational force picked up by our WMAP satellites? Death is not a ticket to the fourth dimension, as you have said, so we must remain somewhere in the third. Perhaps we shift our electromagnetic frequencies, collapsing our wave function into the unseen 95% of our universe. Michael Bohoskey, Durango, Colorado

Jonah, In a recent group, you stated to someone that the oats they were eating were genetically modified. GM oats are not approved for human consumption and "do not exist" according to the FDA and other GM watchdogs. How did these GM oats get into the food system? How many other GM foods are in our food supply that supposedly "do not exist"?

Independent labs exist for testing the presence of GMOs, but they can test only for GMOs known to exist. How can we expose the existence of these unapproved GMOs? Thanks, Matt Spaeth - Lyons, Colorado

Dear Jonah,
What is the difference between shame and guilt?
Thank you in advance! Anastasia Mitrogogou, Athens, Greece

Dear Jonah,
The number Twelve seems to have much significance in the Universe, with 12 Bodies, 12 Dimensions, 12 Realms in each Dimension, 12 Ancient Mystery Schools, and 12 months in a year. When my wife Patti's mother had a stroke and was learning to speak again, she would say the word "Twelve" to many questions. When she was asked to count she would say Twelve, or when she could not describe something she would just say Twelve. Is there significance to her saying twelve? Please describe the significance of the number Twelve and why we see it in so often in the Universe? Thank you for your love and guidance! With Aloha and Light, Wayne Holum
Kailua Kona, Hawaii

Dear Jonah

What would you recommend for ones that have the Herpes 6 virus that causes Chronic Fatigue Syndrome?

Thank you for your help

Sofia Rossou, Patra, Greece

Dear Jonah,

Physicists think of dimensions in terms of coordinates, up/down, left/right and such, but it occurs to me that this concept may not be appropriate for describing dimensions, even though it seems an obvious choice. You described dimensions as frequency bands, analogous to tuning to a station on a radio. If one were in the 4th or 5th dimension, as you describe, would there not still be a three coordinate reference in that physical reality? Is it not the frequency of the string matrix that changes from one dimension to another, rather than the coordinate variables? And is not this partly the limitation of 4th dimensional mathematics, its attachment to coordinate variables as being dimensions? Michael Bohoskey, Oro, Arizona

Hello Jonah,

Four days straight and each day worse. The constant all day long barrage of chem trailing is to the point that today the trails fan out to blend into the ones next to them so that the sky is obliterated for as far and wide as the eye can see. To the unsuspecting eye it looks as if the sky is feathered with light cloud cover. Who is orchestrating the spraying and why such massive coverage? Are there some areas targeted more than others? We get hit a lot in the Santa Fe area but the frequency has vastly increased and the coverage more extensive.. Why? Thank you, Sheri Perrin, Santa Fe, New Mexico

"Hello Jonah. I would like some help in understanding the animalistic nature a bit deeper. How is the human instinct of survival different than that of animals? Is survival in humans about the fear of not being loved whereas in animals it is of dying? In increasing suicide rates we see how people actually *resort* to death instead of fearing it. Also on the list of top fears in the U.S., death ranked only 7 whereas public speaking ranked top of the list. Is the fear of public exposure associated with the fear of emotional rejection (humiliation)? Thank you! Cor Savopoulos, Boulder, Colorado

Dear Jonah

1. How do the elite protect their physical health from aerosol spraying?
2. Are commercial airlines also involved in spraying or only the military? Are there controls in the cockpit so that pilots need know what's going on or is it an automatic operation in their ignorance?
3. Where need I search to find details on the above questions?

Thank you! Cornelius Savopoulos, Boulder, Colorado

Jonah - What really happened to the drumfish and blackbirds in Arkansas? The news is trying to say it was overpopulation for the fish and lightning for the birds. I find that hard to believe. Thanks, Janette Dean, Bellevue, Washington

Jonah, I would like to ask how homeopathy works and how one can utilize it in their healing process. Homeopaths and patients see the results of it but there is not a full understanding of its inner workings. Which bodies does it affect? Does it assist in removing energy blocks in the meridians and in balancing the energy? Thank you for your loving assistance! Aphrodite Tsalgaidou, Greece

Dear Jonah, You spoke of listening to the Earth in a recent Intensive. If I remember correctly, you said that Earth will send geographically specific information to ones who are tuned in, and that we can know it's Earth's message by a momentary loss of hearing followed by a high pitched sound. I hear high pitched sounds often, and occasionally experience that interruption of hearing. What are the high pitched sounds that come without the interruption of hearing? Are they information? Are they of benefit or are they, as some say, a form of programming or mind control? Thank you for helping me to understand. Diana Lees, Elgin, Arizona

Dear Jonah, I seem to be confused with what I perceive as conflict between the concept that there are no absolutes and the existence of universal laws. Thank you for helping us. I'm proud of myself for having found you! Cor Savopoulos, Boulder, Colorado

Dear Jonah, How can we transmute the radiation of the TSA full body scanning? Can this be done with the transmuting exercise given in Transmuting the 3rd Dimension? Is there another way for those that did not learn this exercise? How weakened does the immune system need to be for this radiation to be harmful and also there is the situation of repeated exposures to this on a trip. The pat downs seem to be intrusive and demeaning in intent. Would you tell us something about when this would be the preferable choice and how to prepare energetically and in consciousness? Thank you, Tanya Pozzi, Kula, Hawaii

In the February intensive in Denver, Colorado, you spoke often of our human fear of ridicule.

This fear is due to our innate need for human connection--to be liked and accepted.

Human adults can go insane if we are deprived of all human connection, and human babies will become brain damaged or die without it. Therefore, our greatest human fear is that of being ostracized and banished. Ridicule threatens to lead to banishment.

Certainly, we need to learn not to base our decisions on fear, but I am curious: Do we have this need for human connection in the fourth dimension? Sincerely, Fran Shure

Denver, Colorado

Hello Jonah, Please explain to us the NDM-1 bacteria/virus. Is this a product of man which is being used against humanity or is it a protective measure being released by the earth to protect itself from man and GMO's ?

Please explain how NDM-1 will interact with the GMO bio-markers in our bodies from our eating GMO foods. Thank you, Alan Drobnak, Denver, Colorado

Jonah, given the radiation that is now on some of our foods and milk, what can we do to remove the radiation from our bodies? Tami Urbanek, Monument, Colorado

Dear Jonah, is the EM (Effective microorganisms)mixture of Dr. Teruo Higo an effective solution for cleaning the water and the soil from the radiation, GMO and chemtrails pollution? Did you refer to these microorganisms when you spoke about the viruses with which we can clean the soil in the last USA Intensive? What about black mica extract? Can it be used as an alternative in water cleansing? I understand that besides all in order to overcome this radiation pollution is to increase our vibration and consciousness. Thank you so much for you love and support.

With love and gratitude Sophia Tsoumaki Athens Greece

Dear Jonah,

The total electron content of the ionosphere increased dramatically over the epicenter of the Japan earthquake, reaching a maximum three days before the quake struck. Although this correlated with the tail end of the electron flux you spoke about that came from the sun, is it still a direct result? Also, the military moved a large amount of troops far inland from the coast of San Diego the day before the quake- are our government scientists aware of these precursor signals, or was that just coincidence? Thank you for everything, particularly your patience. -Jackie Lloyd, California

Dear Jonah,

You teach on the Wisdom message that increased awareness leads to higher levels of consciousness. There are ones you call the Elite who appear to have very advanced levels of awareness regarding the nature of the 3rd dimension and how the mind works. They also appear to have quite low levels of consciousness. Please explain. Ewell Culbertson, Longmont, CO

Dear Jonah,

Some people are blaming the HAARP project and similar ionosphere heater arrays worldwide for our severe global weather. Similarly, they are blaming HAARP for causing the big earthquake in Japan and Haiti, etc. Their reasoning is that the specific energy rings HAARP creates is showing up in those areas a day or so before the event. What is the true purpose of these antenna arrays? Is it possible that governments are using the arrays in an attempt to actually mitigate the effects of the severe weather and earthquakes by diffusing and dispersing the energy that builds a storm, and/or that energy which builds up in a fault line before it releases the earthquake? Thank you! Jackie Lloyd

Dear Jonah,

The outbreak of the new Ebola virus in Germany appears to be a manufactured bioweapon. Is it true that if it had been released in the United States, there would be a much higher mortality rate because of the GMO diet so prevalent in this country that weakens the immune system? Was it released as a test run, or a form of pressure on the EU to conform to GMO food acceptance, which is why the focus of blame is on organic foods and farming? Will we be seeing this virus or one with similar antibiotic resistance and multiple release points here in the USA, possibly by fall or early winter? If so, how do we prepare our immune systems for such an engineered attack? Thank you! –Jackie Lloyd
