Jonah's Newest Messages

"THE COMING DAWN"

The dawn is coming. In this message Jonah talks about the 4th dimension, describes its magnificent splendor and why it has never changed. What do ones need to look at in the 3rd dimension? Jonah speaks that the 3rd dimension at this point in time is a dimension of trickery; a time of deception and a time that will come to be called "The Great Passiveness."

“BECOMING A MASTER”

Jonah teaches about, mastership, what it is, and how to accomplish it. A master lives within each of us seeking to be discovered. The door to discovery is often littered with beliefs that pull us in opposing directions. Jonah’s message is about discovery, fulfillment and the willingness to create an adventure.

Now Available

Hossca’s book **“Tide of Change”** (English version), is now available as an e-book at Amazon.com and booksonboard.com. An autographed paperback version is still available on our web site (English and Greek) and non autographed at Amazon.com (English only).

Readers have given Tide of Change a 5 star rating. This is what they are saying on EbookNetworking.net.

I love this book!!! ★★★★★

This book speaks to my heart and inspires me to live a joyful life. If you are searching for a book outside the norm this is the story for you. I read it with an open mind and an open heart and I felt transformed. Enjoy!!!

Love is the Glue of the Universe ★★★★★

This excellent book describes the spiritual journey of Hoscca Harrison in a very interesting and deeply touching way. If you are looking for the universal truths and for finding your place in this life and in the universe, this book will definitely help you.

I greatly enjoyed reading it again and again. It gave me much hope and helped me to feel my connection to the Universe and to deeply realize that happiness, peace and tranquility come when one discovers and follows one's soul path.

It also made me feel the unconditional love and support that we are receiving from the universe for our healing and how important it is to have an open heart in order to accept and utilize this help.

I am deeply grateful to Hoscca Harrison and to all those who made this book a reality.

Awesome autobiography ★★★★★

Tide of Change, by Hoscca Harrison, is one of the best autobiographies I have read for a myriad of reasons. First, his book captures the reader's interest almost immediately. He does not seem to exaggerate in his writing, nor does he write about information that does not directly relate to the story line. Many autobiographies tend to drift or lose interest fairly easily. Another reason that it is a wonderful read is the emotional impact it has on the reader. Hoscca, and the entities who speak through him, speak of unconditional love-give and take. They speak of a love for and from God that is above and beyond what religion teaches. He also speaks of lifelong learning-regardless of whether it is in a classroom or the learning that occurs when one is truly living one's life! How exciting it can be to truly live a life without fear, anger, or judgment. When someone reads the book, he or she might ponder the possibility of it, and it definitely seems very possible-to live rather than survive. If a person is seeking guidance in God, spirituality, and humanity, then this book will provide all of that-and more if the reader allows it and accepts it.

Jonah Question and Answer

Jonah is the increased incidence of autism due to environmental factors such as diet, toxins in foods, genetic modification, etc. or are these so-called autistic symptoms more attributable to the enhanced abilities of Children of the 21st Century? Is there an underlying effort by the elite to label Children of the 21st Century as autistic so that their abilities become questioned and dismissed? Thanks. Bill Dean, Bellevue, Washington

Indeed, the majority of the children labeled autistic are indeed children of the 21st Century we have spoken about. (Children of the 21st Century, and Children of the 21st Century Continues). One of the primary causes of autistic symptoms in children come from drugs injected at a young age. Also environmental factors are well in place, such as foods that cause mental illness, genetic modification, (Genetic Plague) Chem Trails, and subliminal messages in certain types of music, movies, and that ye call video games. We could continue the list, but indeed we will be speaking about this at the Intensive "State of the World" ...Jonah

Dear Jonah, I dreamed that I was in a time that looked like the time of the Essenes, and that I was with Hossca and I was his daughter. In the book of Hossca, "The Tide of Change" (Greek Translation), he writes about Ioanna Golfinopoulou being his daughter at the time. Can you help me clarify were we both, me and Ioanna, Hossca's daughters and your granddaughters? Maria Papadopoulou, Athens, Greece

Well for goodness sakes, it is not here to be perceived there are hidden granddaughters waiting to come to the surface! It is not here to perceive there are hidden daughters of the Hossca seeking to come to the forefront. The one that is the granddaughter well knows who the granddaughter is. And indeed, that is the Ioanna, yes? Now, yes it is so the Hossca had different children, and those that were the children that are now present in this incarnation at this time, are aware of whom they are, as well as the Hossca is aware. Therefore, there are not hidden daughters or granddaughters to come out of somewhere in the future. It simply is.

Now it is also to be understood, yes there are many that are still learning and ones that will and do come forth to learn that did know the Hossca, which did know us within the time frame called the Essenes. It is not to create the illusion in the mind there was additional blood relationships, but simply that of a spiritual relationship of knowing the teaching and being drawn unto the teachings of oneness again...Jonah

Dear Rebecca, dear Hossca, I hope you are very well.. Thank you one more time for the amazing Greek intensive! I have a question for Jonah: "Jonah, what's going on with the volcanic ash coming from Iceland? What do we have to know about it and how can we protect ourselves against it? Thank you very much for your love and light." Anastasia Mitrogogou, Athens, Greece

Beloved, this is part of the changing of your planet. A small demonstration on how the power of nature, indeed the power of earth changes will establish the outcome of your technology. There will be more eruptions, earthquakes, and solar storms to greatly affect the earth, as we have predicted many of your years ago. Protect yourself? Indeed, come to know self; come to move consciousness above the evolutionary cycle of survival to a consciousness of inner peace and knowingness. Indeed, your time (those seeking to move beyond the consciousness of survival) has come, be prepared. This is not about living in fear; this is about living in awareness to make wise choices. This is not the end of the world, indeed this is the beginning of expressing mastership...Jonah

Questions for future Newsletters

Jonah, in the Nature of the Beast CD you talk about positive viruses that might counteract the negative viruses. Will you please elaborate on how this works especially for cancer patients? Thank you so much! Sue Goodin, Denver, Colorado

Jonah, is the DNA the Soul chooses the same for a Medium and a Channel? Can you explain the progression of the artistic portrayal of the Soul from half animal/half human to the true reflection of the Soul today? Thank you, Chris Donovan, Littleton, Colorado

Dear Coach,

It feels like consciousness is the missing link in the Unified Field Theory. Could it be that consciousness can be quantized in relation to the variable of time? I know that awareness of moments comes in units of time, which are like quantized bits of intent, which somehow constellate a physical reality out of the so-called string frenzied dance of possibility. But is this quantum of consciousness really linked to time, or am I just "whistling from my navel?" I don't get "Big Bang" in an eternal universe, and can't figure why there is such resistance to information traveling faster than the Speed of Light. Have you any guidance here? Your always grateful student, Michael Bohoskey, Durango, Colorado

Dear Jonah what did the Chinese Master mean when he told Hossca that overlapping healing can cause greater pain? Isn't all healing in a

person connected, thus overlapping? How do we prevent overlapping?
Anna Frances, Denver, Colorado
PS thank you for all of your love, guidance and teachings.

Dear Jonah, I attended a talk about the Mayan Civilization where speaker described the earth's vibration in cycles of waves. He equated this to building waves (vibration) up like a pyramid. Are we entering the 9th and final wave like the top of a pyramid? If so, will this wave be completed before 2012 or are there other waves to follow. Is the wave energy one of unity of consciousness where people will choose to be in duality or oneness?

Also, is the wave energy earth is experiencing be emitted from what is called the Tree of Life in the middle of the Galaxy and or from the center of the earth or neither?
Thank you, Joann Stender, Seattle, Washington

Dear Jonah, how and why would one cord another? How can the creator bring such a situation into full consciousness, heal it in totality and release karma? Also, I would like to ask if one can cord another part of his/her own self. If this is so, how can one realize it, understand why s/he did it and heal it? Thank you for your love and assistance. With gratitude, Aphrodite Tsalgatidou, Athens, Greece

Dear Jonah, Please help me understand what it means to be proactive. How does one be "in" the 3rd Dimension but not "of" it? In other words, how does one feel the full import of the growing despair, hopelessness and anger of those in the Gulf whose lives and livelihoods are being systematically shattered by this intentional Hemorrhaging of the Earth's blood, and find constructive focus for action? The new age solution is to find some global Internet "pray the universe into collective healing" effort. But you said yourself that healing is not a group sport. Enlightenment comes one soul at a time, and requires unique responses to mass illusions. But what does one do, aside from giving up ones job to go to the gulf and scoop scum out of the ocean with ones own hands, or push for some global boycotting of BP products, or just stand on a rooftop and scream foul play? The agony is knowing "what" to do. How to be positively engaged knowing what we know, without being overwhelmed by feelings or numbed in trying to rid oneself of them. Michael Bohoskey, Durango, Colorado

Dear Jonah... in the July Q&A you mentioned that the mind seeks to enlarge upon a trauma to justify the pain of abuse. Why do we do this? How do we do this? How can we tell if we have enlarged the trauma of any abuse we've experienced? Your support is most precious! Anna Frances, Littleton, Colorado

Good day Jonah... what happens to our beloved pets when they leave their physical bodies? Where do they go and what happens to their souls? Thank you. Anna Frances, Littleton, Colorado

Jonah, It seems the more your message is heard the more ones try to repackage the information you give and pretend it is their own. How does one stay in Integrity while sharing your teachings?...Joseph Armeanio, Divide, Colorado

Dear Jonah

1. What is the difference between the Americans and the Greeks if there is one? In other words if both peoples have placed their power outside of themselves then what exactly symbolizes that external power for each people?
2. If both peoples gave up their power, did the Americans influence the Greeks down that road or did the Greeks influence the Americans? Thank you, Corr Savopoulos, Boulder, Colorado.

Dear Jonah,

Is the low rumbling and booming we have been hearing related to the release of methane gasses in the global sea floor and land masses?
Is this creating a global warming positive feedback loop, further accelerating the process?

By California, is the sea floor preparing to release rather suddenly and in a very noticeable way? It feels like a release of stagnation, as well as a huge relief to the sea creatures, - and that the ocean is preparing now for a sudden expansion.

There really isn't anything in the news about this phenomenon. Are scientists choosing to ignore it or is our perception of what is occurring inaccurate?

Thank you so much!!...Jackie Lloyd, Ramona, California
